### HOW ROOSEVELT HEARD THE NEWS OF HIS ELECTION.

New York, N. Y .- (Special.) -- Governor Roosevelt, surrounded by his family, received the returns at his home on Sagamore Hills. The governor at no time during the evening semed anxjous about the result. He did not make any special arrangement to receive the news and depended on messages to be brought from the telegraph office, near-

ly three miles away. The first definite information of the republican victory was conveyed to the governor at about 10 o'clock. The governor was in the reception room with his wife and daughter. When he appeared at the door to meet the newspaper correspondent he was clad in full evening dress. He invited his visitor into parlor and closely scrutinizing the telegram briefly commented on the result. After reading the message he

said: "Isn't that fine. It shows what the American people are. It shows that they want the good times to continue, and are in favor of sound money, and are for the flag."

The governor then dictated the following message to President McKin-

MR. MCKINLEY HEARS THE

Executive Mansion, Canton. O., Nov. 6.-At midnight Canton was in a frenzy which knew no bounds. The crowds which had been burning red fire down town marched en masse to the McKin ley residence with bands playing, rockets sending lurid streaks across the midnight sky and tumultuous cheera mingling with the din of horns and steam whistles.

NEWS AND MAKES A SPEECH

The crowd was stilled for a time with some of the cheering news received. This included dispatches from the Kansas chairman claiming that state by 40,00;0; from Secretary Heath of the national committee saying that Indiana gave McKinley 29,000 plurality; from the Iowa chairman, saying Iowa's plurality was 100,000, and from the Union League club, Chicago, giving the president glowing congratulations on the triumph by the American people. But Washington, D. C .- Special.)-Repre- the crowd clamored for the president and he kindly appeared, waving his in charge of the eastern headquarters acknowledgment of the deafening cheers. The president said:

"Fellow citizens, I thank you for the very great compliment of this call on this inclement night and at this late hour (cries of "You're welcome") of the many gratifying reports from every part of the country none have given me 21 more genuine and sincere gratitude than those from my own city and my own county of Stark. And I appear now only to do as I have on so many 25 former occasions to thank you once more for the warm and hearty indorsement which you have given my public acts."

"Anti-imperialism, the attempt to stir up jealousy against England, the charmpionship of the Boers and the pandering to the Fenians, all availed Bryan nothing. His defeat is even more a defeat for Croker and Tammany, and that is its happiest feature. It really looks as though the Americans are tired of the gang of corrupt Irish-Americans who have degraded American politics so long."

The Times in a special edition says 'McKinley's victory is no ordinary triumph. It is a victory for common honesty, sound sense and sober, enlightened political judgment."

After reference to Bryan's endeavors to make imperialism the paramount issue, the Times says:

"Free silver and its attendant here sies are the real matters upon which electors have given judgment."

After commenting upon "Bryan's advocacy of unsound principles and unconstitutional methods and his appeals ... to class hatred, which stirred the passions of all the worst elements of the population," the times expresses the ... opinion that had Bryan been elected ... even all the checks of the constitutior could not have restrained him from experiments fatal to social order and material prosperity, and it concludes:

"From that danger the country is mercifully delivered, certainly for the present, and we hope for all time."

### THE REPUBLICANS MAKE BIG GAINS EVEN IN OLD MISSOURI

St. Louis, Mo .- (Special.) -- McKinley's gain is remarkable. Still more so is that of the republican candidate for governor, Joseph Flory. Bryan's plurality is reduced from 53,000 to about 40,000, and Flory is believed to be but about 15,000 behind Dockery. Of 114 ... dispatches received from all parts of ... the state, all but fourteen show republican gains. The legislature will be democratic by a small margin.

Returns from 266 out of 333 precincts in St. Louis indicate the city went democratic by from 500 to 2,000. The republican electoral ticket leads the city ticker.

SENATOR PETTIGREW SAYS **NEW PARTY WILL ARISE** 

St. Paul, Minn .- (Special.)-A Slow, Falls special to the Dispatch says: "I predict the formation of a new party, based on the protests of the outraged people against republicanism as

taught by Mark Hanna," declared United States Senator R. F. Pettigrew this morning.

"I saw how it was going on and went home. For weeks I have told the national committee we were defeated in South Dakota, but they kept claiming the state and I have been working for political effect. No, I was not disappointed. I slept well last night. I will remain in Sioux Falls and I am going to resume my mill north of town. "Yes, of course, I will be in the new party. What it will be called is of little moment. It may be 'social labor,' or it may be the 'new democratic' party. It will be made up of persons discontented with the element in politics, as a protest against the existing conditions and the present tendency of things. The movement will grow rapidly and I believe will defeat the republican party in 1904. Mark Hanna republicanism menaces the republic. The concentration of wealth will create an influence to restrict the right of suffrage until capitalists will say no one is fit to take part in the government who does not

know enough to make money. The election does not stand as ar indersement of all the administration stands for. The cry of prosperity and the racial question are more apparent no wthan ever before-of getting all we can and keeping all we get. No Anglo-Saxon race ever won against the party in power while involved in war. I thought it would be different this time because of general discontent. The divorcement of the democratic and populist parties is assured, but the new arty will be the popular one. I canoot say whether Mr. Bryan will affiliate with it or not."

#### SENATOR HANNA HAS A PRESIDENTIAL BEE IN HIS HAT

Cleveland, O., Nov. S .- Speaker Henderson of the national house of representatives was entertained at dinner at the Union club by about twenty prominent republicans of Cleveland on the eve of October 31, when he delivered a campaign speech in this city. He greatly surprised some of his hosts during the table talk by telling them that Senator Hanna's tour of the northwest had so stirred up that country that the senator was being talked about there as a presidential possibility four years

Senator Hanna was aked whether he had heard of any such sentiment in the northwest.

"Yes," he answered, I have heard rumors to that effect. At some of the meetings I addressed in the northwest cries were raised about the next presidency, which I could not help hearing. There has been some talk of the character you mention. But I do not want to be the next president after McKinley. I will have nothing to do with it. I have had enough of politics and public life to suit any one."

Senator Hanna starts tonight for New York to dispose of unfinished campaign business. He will return home on Monday and remain until December 1, when he will go to Washington for the rest of the winter and the session of con-

Outside of the south, which is no longer solid only two states are surely democratic. Colorado and Montana alone are conceded to Bryan. tnese being the two chief silver-producing states.

Colorado's majority is 15,000; four years ago it was cut down to 2,500. Montana gives but 20,600 to 22,000.

Idaho and Nevada, silver producing states, seem to probably be democratic, but are claimed by the republicans. One of the greatest surprises in Utah. where Bryan's majority of 51,000 four years ago has been changed to a republican plurality of 3,000.

In Illinois alone, is McKinley's majority lower than four years ago.
